PROFESSIONAL SUMMARY

Entry-level full-stack web developer and BCA graduate (8.3 CGPA) with hands-on experience building end-to-end web applications. Skilled in React interfaces, Node.js/Express and PHP backends, REST APIs, and relational and document databases. Delivered a complete health and nutrition platform and contributed across major modules of an agricultural marketplace.

EXPERIENCE

Web Development Intern (PHP) | Karon IT Training *Nov 2025 - Jan 2026*

- Built PHP/MySQL CRUD features for student, workshop, and registration modules, including structured relational tables managed in phpMyAdmin.
- Implemented login and registration with session handling, input validation, and image upload/display workflows.
- Created responsive interfaces using HTML, CSS, JavaScript, and Bootstrap; developed and tested locally with WAMP.

SELECTED PROJECTS

HealthyTrack | Full-Stack Health & Nutrition Platform **GitHub repository**

React 19, Node.js, Express, MongoDB, REST API, JWT

- Built the complete application, including separate React portals for users and administrators with a Node.js/Express REST API and MongoDB data layer.
- Implemented authentication, profiles, body-type assessments, tailored meal plans, fitness guidance, and feedback workflows.

Farm Fusion | Agricultural Marketplace

React, PHP, MySQL, JavaScript, Bootstrap

- Developed core functionality for a marketplace connecting farmers and buyers, with crop and equipment discovery, cart and order flows.
- Contributed across the project modules, including user/admin workflows, equipment subsidies, government schemes, and agricultural content.

EDUCATION

Bachelor of Computer Applications (BCA) Apr 2026 | CGPA: 8.3/10

Vivekanand College of Advanced Computer Science | Veer Narmad South Gujarat University (VNSGU)

TECHNICAL SKILLS
